Children's Classroom – 1st April 2025

27th March 2025

Dear Parents/Carers,

I would like to invite you to find out more about what the children have been learning in Science by inviting you to our 'Children's Classroom' on Tuesday 1st April at 3:15pm. Children's classroom is an opportunity for you to have a discussion with your child about their learning. They will get the chance to show you their Science book and talk you through the work they have been doing at school, as well as their learning during Science Week. There will also be information displayed on the Interactive Whiteboard and experiments set up in the classroom to share with you.

All children will need to be collected from their classroom. You will enter the school building using the doors at the end of the building beside the Year 4 classrooms and parents of children in Years 3 and 4 will continue along the ground floor corridor while parents of children in Years 5 and 6 will make their way to the upstairs corridor. Please exit the building with your child/ren using the doors beside the Year 6 staircase. Please note there will be no access to upstairs if you have a pushchair. Pushchairs can be left under the shelters.

From 3:15pm – 3:45pm, you can look through your child's book and ask your child questions about their learning. Once they have shown you their work, you are able to leave. **This is NOT an opportunity to talk to the class teacher about your child and their work;** instead, allow your child to show and explain to you what they have been learning.

We hope to see you all there.

Kind Regards

Miss Gubbín

Deputy Headteacher
