## RE: SCIENCE FAIR

Dear Parents/Carers,

Minet Junior School is pleased to announce that we will be hosting a Science Fair - an exciting event that encourages students to think and act like young scientists. The event is organised by the children and teachers of our school and will take place on **Tuesday 26th March 2024**, in the school hall. Children from each class will present their findings from scientific investigations and share the awe and wonder of how, why and what they did.

The event is a celebration of the work the children have completed during British Science Week starting on the 10th March 2024. It will also allow the children to acquire teamwork, presentation and communication skills. Moreover, it could awaken an interest in our students when considering their future careers.

All parents are welcome! Simply make your way to the hall at **3.30 pm** on this day! You do not need to book your place for this. See the wonders that science truly has to offer!

We hope you can contribute a small amount of your time to help make this experience more meaningful for all the children.

We look forward to seeing you!

Yours faithfully  
Mrs. Rizwan

Science Lead  
Minet Junior School
